

**The Bucerius Institute for Research of
Contemporary German History and Society**

Guest Lecture

**"Nature, History, Politics. Leo Strauss
and Hannah Arendt on the Problems
of Modernity"**

Prof. Thomas Meyer (University of Munich)

Based on published and unpublished documents the seminar offers a close-reading mainly of Leo Strauss's "Natural Right and History" and "What Is Political Philosophy?" and Hannah Arendt's articles "Tradition and the Modern Age" (Partisan Review 21 [1954], 53-75), "What Is Authority?" (published in: "Between Past and Future", 91-141) and "The Human Condition". The unpublished material will be available at the beginning of the seminar. We will discuss two mayor concepts of non-modern political philosophy in order to understand better the problem of Modernity.
